

**Instantly Distinguish
Fake From Real!**

UV-16 Counterfeit Detection Scanner

Designed for highly lit retail and point-of-sale locations, the UVeritech **UV-16** is the most powerful compact counterfeit detection scanner available today. Utilizing electronically enhanced components, the ultraviolet tubes produce 30% more UV than other devices. The **UVeritech UV-16** may be used to detect counterfeit currency, credit cards, driver licenses, secure and chemically altered checks, cashiers checks, passports, visas, and many other important documents.

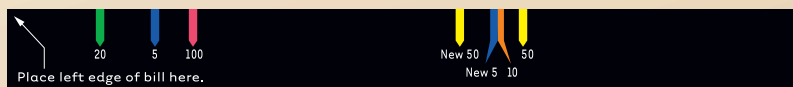

Can you tell the difference? . . .
You can with the **UVeritech UV-16!**

- **Cash**
- **Credit cards**
- **Driver's licenses**
- **Identification cards**
- **Passports**

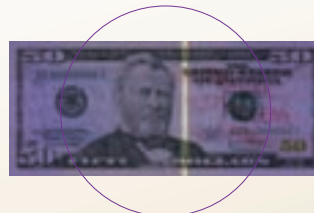

Now You Know!
